

# Our Vision

Our School aims to provide value based education with innovative teaching and learning methods so that our students grow up into aesthetically rich intellectually aware and completely responsible individuals who will be capable of fulfilling their dreams and strengthen the society. We intend our educational process, to be the cutters who polish raw stones into glittering multifaceted diamonds.

# Our Alma Mater

Do not give them a candle to light the way,  
teach them how to make fire instead.

Model School, Rohtak a self financed unaided, private school with the motto, "Knowledge is Power" was established in the year 1952 by the Deputy Commissioner of Rohtak Shri H.D. Shourie, I.A.S. from a humble beginning with 4-5 children and one member of staff. The school now has around 4000 students on its roll with an ideal teacher taught ratio.

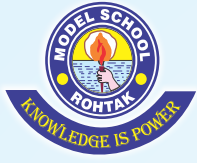

The school is run by a registered society under the guidance of an Executive Committee with Deputy Commissioner of Rohtak as its Ex-Officio Chairman. The link between the school and the Executive Committee is maintained through an Honourary Secretary who is always available to the Principal for betterment of the school. Under the able guidance of the Deputy Commissioner; Rohtak, our school has progressed by leaps and bounds and is one of the most sought after academic destinations in Haryana.

# Our Mission

“Learning is not the outcome of decree; it is rather the result of comprehensive participation in a meaningful surrounding”. People learn best by being “with it”, yet school makes them identify their personal, cognitive growth with elaborate planning and direction.

## MESSAGE

**Deputy Commissioner, Rohtak**  
**Chairman, Model Education Society**

**Darkness cannot drive out darkness  
Only light can do that**

Education is not just about reading some books and writing some papers or about some subjects that are learnt and taught in school; it is about overall development of one's personality and character. It's a lifelong process of moulding and polishing oneself for a greater social responsibility.

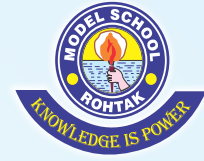

Since the New Year, 2021 has cast tremendous fear with the onslaught of the worst pandemic i.e. the COVID - 19 and with the resultant darkness prevailing all over; it is an immensely gigantic task to boost the confidence of children to grow fearlessly. Model School, Ambedkar Chowk is doing its best through e-counseling & online studies in bringing up the keen, sharp-edged bubbling learners.

I can't agree more when the late Dr. APJ Abdul Kalam avers:

“काला रंग भावनात्मक रूप से बुरा हो सकता है लेकिन स्कूल का ब्लैक बोर्ड छात्रों की जिंदगी ब्राइट बना देता है।”

I wish the Principal & staff all the very best in their endeavour to enhance the educational excellence and to tailor the future of our bright young learners.

## MESSAGE

**OSD-cum-Secretary**

**Model Education Society, Rohtak**

Childhood is the best time to lay the foundation of the core values that are essential for the overall development of the future citizens of tomorrow.

Model school is a centre of learning for students. It is a progressive school which aims to enrich and empower young learners by imparting quality education, life skills and traditional values. Keeping in mind the rich and diverse heritage of India, the scholastic and co-scholastic activities are geared to nurture academic excellence. The school promotes core knowledge, communication, collaborative skills, social sensitivity and new emerging technologies to make students dedicated to exhaustive quality learning to meet the ever changing demands of the 21<sup>st</sup> century.

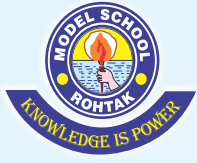

Our school offers opportunities to its students at each and every step. Independent and creative thinking is encouraged so that the students inculcate the habit of learning continuously and accept 'problems as challenges and challenges as opportunities in life.' A big lesson learnt by all in this pandemic COVID-19.

The aim of this institution is to help the students, grow intellectually and ethically to serve the nation and society. I extend my best wishes to the highly committed Principal and experienced staff members in bringing up the Modelites to the trade mark of excellence.

“जीत और हार जीवन का एक हिस्सा है, जिसे समानता के साथ देखा जाना चाहिए।”

## MESSAGE

**Vice President**

**Model Education Society, Rohtak**

Education all over the world is undergoing a radical shift. Knowledge is no longer constrained by time and space. It has expanded beyond the classrooms and school campuses. This very well has been experienced by one and all during this pandemic, where on-line classes had become the only medium through which teaching was feasible.

Also, continuous monitoring and evaluation of the learning environment needs to be done to provide required intellectual stimulation to young minds. In today's world, how much you know does not matter; application of the acquired knowledge is the need of the hour.

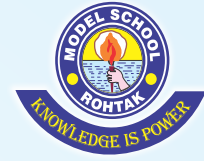

As a premiere educational system, we are known for creating one's own benchmark and elevating ourselves to higher plans. This practice has made our school the centre of excellence. However continuous learning, evolving and effort will never cease.

You would find a wealth of learning opportunities at Model School that would serve as an essential stepping stone to a fulfilling life and career.

“शिक्षा सबसे बड़ा हथियार है जिसका उपयोग आप दुनिया बदलने के लिए कर सकते हैं।”

## From the Principal's Desk.....

**"All power Is Within You; You Can Do Anything And Everything. Believe In That, Do Not Believe That You Are Weak. Stand Up And Express The Divinity Within You."**

Every child is like a seed having potential to grow holistically; nourished with love, care & guidance.

Here at Model School, Ambedkar Chowk, we not only enlighten the toddlers but open up many avenues for one's livelihood. This process in our school takes place with a well designed curriculum, providing learning opportunities, linking knowledge to their experiences to match the rapid changes, continuous modification and up gradation in the Education Sector.

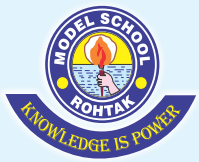

We have introduced a number of skill based subjects from this year to foster confidence, discipline, clarity and decision making ability to set and achieve goals with interest and motivation. Students here are provided with stress free and conducive learning environment, as students under stress & pressure become anxious & lose interest in learning. Here they are given adequate space in classrooms for experiential learning clarity of concepts rather than only rote memorizing. In our school we have shifted from textbook dominated culture to learner centric competency based culture for massive advocacy and orientation at all levels for teachers' students and our dear **parents**. Progressing in leaps & bounds with a team of sincere experienced administrative and academic Staff; Model school is achieving greater heights with never to be satisfied with "fairly good", 'pretty good', good enough; but aiming for nothing short of par excellence.

I am sincerely grateful to the **school management** for imbibing faith in me by providing a supportive platform to impart **quality education**.

I thank the **parents** who stand by our side and always share their suggestions in bringing up the institution to the pinnacle.
